Please do not book or agree to play a show in the showroom if you cannot draw an audience. We rarely have a natural audience in this room.

If you are the last band playing on an evening, our door person usually wraps up to settle half way into your set. This gives an opportunity (especially on Wed-Sat) for people who are at pianos to see your band for free and for you to expand your audience. If you prefer to keep charging for the full hour, please let us know and we will plan accordingly.

Now, with all of that out of the way we want you to enjoy playing here and really want you, your fans and friends to have a great time.

If you have any other questions and/or requests please let us know before the show.

**Have a great show !**
